

TRANSFORMATION NEWSLETTER

FEBRUARY 2007

News and Updates

The Basics

To give an idea of the direction transformation is heading a list of some of the milestones for the next few months are listed below. The dates listed are projected completion dates. Some of these dates may change. Each of the transformation teams also has a list of milestones that are critical to success and the success of transformation. The list below is only a quick snapshot of the short term events coming up.

Milestone

Station Plan Finalized (Complete)

BSB MTOES Received (Feb 07)

FA BDE/HIMARS BN MTOE received (Mar 07)

PH1 Personnel Complete (Mar 07)

MTOE Scrub to Identify Excess/Shortages (Apr 07)

PH2 Personnel Complete (May 07)

Security Clearance Due by Units (Jun 07) Completion of the New JFHQ building (Jun 07)

Your Unit and Your Job

From the Personnel Team:

Expect to be counseled February or March to accept or turn down the position you have been slotted into. If you turn it down, you will participate in one of the job fairs on March 24th in Manchester or March 25th in Littleton.

If you accept a position that requires a security clearance, and you do not have one, you need to complete the paperwork for your clearance within 30 days of your slotting.

Your Equipment and Supplies

From the Logistics Team: Over the course of the next month the logistics team is going to be completing some critical steps. The state has started transferring equipment to the 237th MP Company and the 372nd Signal Company. There is also a test lateral transfer and order between January 19th and January 26th. The test will synchronize the supply systems and maintenance systems.

Your Armory

In the next few months the facilities team will focus on our short term milestones listed below. These dates are for the completion of the planning process, not the unit moves themselves. As stated in the last newsletter the immediate focus is armory usage for facilities that are going have multiple occupants. After that, any projects that are needed within the armories will be identified. The team will then identify resources for these projects. When everything is in place we will finish the plan to move units.

Space Allocation

- Concord NLT 31 Jan 07

- Manchester NLT 14 Feb 07

Project Identification

NLT 15 Mar 07

Resource Determination

NLT 15 Apr 07

Movement Coordination Matrix

NLT 30 Apr 07

Your Education and Training

From the Training Team:

As soldiers learn their assignments, the Training Team will be working to ensure the seats are available to send transforming soldiers to the appropriate schools.

The Training Team also hopes to have a HIMARS system from Tennessee and a ROWPU system from Mass. at the job fair. This will give soldiers an opportunity to find out what the new MOS's are about.

The Transformation Website

You can now access the transformation website at <https://www.nh.ngb.army.mil/transformation/index.htm>.

- The FAQ section covers many of the common questions relating to transformation, and the [Submit A Question](#) link allows you to get answers to your own questions. You can view answers to questions soldiers have asked at [Review Questions](#).
- The [New Force Structure](#) diagram outlines what the New Hampshire Army National Guard will look like once transformation is complete.
- The [Updates](#) Link gives you access to this and past newsletters.
- The [Transformation Quick Links](#) offer more comprehensive information about transformation and what it will mean for New Hampshire and the Army.
